MINUTES OF MEETINGS

The Higgins Mfg. Company, Inc.
Newport, Kentucky.

New York, August 9, 1921.

James A. Jesty, Sales Agent,
20 West 34th Street.

Mr. Alexander Archibald,
Director of the Dept. of Public
Affairs,
Newark, N. J.

Sir:—

On August 1st, 1921, we proffered a bid for furnishing and installing an equipment of insect screening for all windows and doors openings in living quarters not now screened; equipment constructed according to specifications installed complete, to cost the sum of Three Thousand Five Hundred Ninety-seven Dollars (\$3,597.00), which bid was respectfully submitted by James A. Jesty.

At the same time we accompanied our bid by the written consent of a surety company authorized to do business in New Jersey agreeing to become surety for the faithful performance of the contract, viz., the National Surety Company.

All being in strict compliance with the advertised proposals, as published in the daily newspapers of the City of Newark.

We learn that our bid was the lowest; we also learn that we are not to be awarded the contract; hence we are taking this method of entering a protest to the award of the contract to other than the lowest bidder, and desire to affirm that we shall protect our interests as well as the interests of the citizens of Newark.

Respectfully,
James A. Jesty.

Mayor Archibald: I would like to make a statement in connection with this contract. There were two bids received on this advertisement. There appears to be a difference of about \$3.00 in these bids. I took this matter up with the Corporation Counsel and he said that the bid of the Higgins Mfg. Company was not a bonafide bid and therefore advised me to reject this bid. Acting on the advice of the Corporation Counsel, I wish to recommend to this board that the proposed bid of the Higgins Mfg. Company be rejected and the contract awarded to the Orange Screen Company.

Corporation Counsel Congleton: In response to an advertisement by the Mayor for sealed proposals for screening the almshouse he received two bids, one purported to be made by the Higgins Mfg. Company and the other by the Orange Screen Company. There is a difference of \$3.00 in the two bids. The Mayor submitted these bids to me for approval as to formality and I have advised him that in my opinion the Higgins Mfg. Company has made no bid. What they considered as their bid is upon their letter-head of that company, which letter-head also bears the name of James A. Jesty, Sales Agent. The bid, however, is signed merely James A. Jesty. The bid was accompanied with a letter from the National Surety Company to the effect that if the contract was awarded to the Higgins Mfg. Company they would execute the contract bond. I received a call from a representative of the Higgins Mfg. Company when he learned that matters had been referred to me, and in said interview I learned from him that Mr. Jesty had no authority to sign the name of the Higgins Mfg. Company, and it

therefore seems to me that no bid has been made by that company; in other words, if it should be discovered that their figure was too low by reason of some error I do not believe that we could hold the company to the bid. I therefore recommend that this bid be rejected.

Commissioner Breidenbach moved that the action of the Mayor is rejecting the bid of the Higgins Mfg. Company be concurred in and the communication ordered referred to the Corporation Counsel.

The N. J. Automobile & Motor Club
343 High street

Newark, N. J., August 6, 1921.

Hon. Alexander Archibald, Mayor,
City Hall,
Newark, N. J.

My dear Mr. Mayor:—

Occasionally you may have inquiries from touring motorists passing through Newark for a camping site, in which they might spend the night in our city. Recently I believe one such party was permitted to camp on the lawn in the rear of the City Hall.

To accomodate touring motorists the New Jersey Automobile and Motor Club has set apart its extensive lawn in the rear of its building at High and New Street, as a camping site for tourists. In acquainting you of this we would ask that when such motorists apply at your office that they may be directed to the club house, where ample facilities will be afforded them to make their stay comfortable.

We feel that Newark should keep pace with other cities and that motorists throughout the country know that Newark has such accomodations. We have had our camping site listed with the American Automobile Association tour bureau and thus advertised throughout the country.

Yours very truly,

JOSEPH H. GUNN, Secretary.

From Sedley H. Phinney, Executive Secretary of the New Jersey League of Municipalities, outlining the work done by the League during the 1921 session of the Legislature regarding the fight waged against increased street car fares and the campaign instituted to assist in the passage of the Parry Valuation Bill, introduced and passed in the 1921 Legislature, restoring to the Public Utilities Board the power to reevaluate the trolley properties.

Ordered filed and a copy sent to each commissioner.

The Asphalt Association
25 West 43rd Street

New York City, August 5th, 1921.

The Honorable.
The Mayor of Newark,
Newark, N. J.

Dear Mr. Mayor:—

Although the United States House of Representatives, by an overwhelming vote, defeated the proposed tariff of 35c per barrel on crude oil, it is understood that the advocates of this duty will carry their fight to the Finance Committee of the United States Senate.

In view of these facts, as already developed, that such a duty would limit the supply and increase the cost of gas oil resulting in an increase of about 5% in the householders, gas bills; that asphalt, which is mainly dependent upon the Mexican Oil supply for its production, would become scarce and costly for both paving and roofing, and that such a duty would bear heavily upon the users of motor vehicles, gasoline engines, and, in fact, upon all users of petroleum products, may I urge that you write the Chairman of the Senate Finance Committee, Honorable Boies Penrose, asking to be heard in the interest of your constituents.

I shall greatly appreciate information as to the action you see fit to take in this matter.

Yours very truly,

J. E. PENNYPACKER,
Secretary.

Ordered referred to the Director of Streets and Public Improvements.

August 3rd, 1921.

To the Board of Commissioners,
City of Newark, N. J.

Gentlemen:—

I am the owner of property located at 224 Elm Street and desire to have on the first floor of the present structure, which is a three-family frame building, a dry-good store.

I understand there is some question about the status of it in so far as the zoning ordinance is concerned and most respectfully request you to give this matter consideration so that the

ordinance may be amended with a view to permitting this alternation.

Thanking you, I remain

Very truly yours,

ANGELINA ABBATE.

United Brotherhood of

Local Union No. 306

Newark, N. J., August 3rd, 1921.

To the Commissioners of Newark,

Dear Sirs:—

This is to inform you that Local 306 of Carpenters and Joiners of America are very much opposed to any reduction of wages of common laborers employed by the City of Newark at this time.

We as a body of men and taxpayers of this city hope you will give this matter your sincere consideration as we do not feel that you are justified in taking such a step without considering yourself and other officials.

Trusting you will bring this important matter to the Board's attention, I remain

Sincerely yours,

Paving of Wilson Avenue from about 600 feet south of Hyatt Avenue to Newark Bay.

The roll being called, the motion was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Corporation Counsel Congleton:—Mr. Mayor and gentlemen of the Commission, you have no doubt read in the newspapers the proceedings of the Public Service Railway in the United States District Court, in which they, upon an ex-parte application obtained an injunction which allowed them to put in effect immediately an 8-cent fare. That order was subsequently modified after Judge Rellstab had thought it over over night. Now there is a rule pending returnable Thursday of this week calling upon the State Utility Commission to show cause why the Public Service Railway should not be permitted to put in effect the schedule of fares shown in the schedule filed on September 17th, which would be a 10 cent fare. Immediately upon receiving information of this through the newspapers, I got in touch with Mr. Herrmann, Counsel for the Utility Commission and representatives of various municipalities, and at a conference in my office

yesterday by numerous representatives of municipalities and after full discussion of the matter, and at which we had the benefit of Mr. Herrmann's judgment; also Attorney General McCran, it was deemed advisable to have as many municipalities as could, get ready by Thursday by having appropriate resolutions passed by their governing bodies and make application in this proceeding to the United States District Court on Thursday for leave to intervene, or to be made a party defendant to the suit. The reason for that is this: The Public Service Railway is making an attack upon the constitutionality of the Utility Act. Our thought is this: If for any reason they should say that the Act is unconstitutional; then it throws us back as we see it to the place where we were before our State undertook to regulate Utilities and gave to the Utility Commission power to fix rates. In other words if that act were out of existence, then we would be back to the point where the Railway Companies would be operating upon the highways of our City under a franchise granted by the Municipality which they accepted and which contains a clause that they shall only charge a 5 cent fare, therefore, without saying in our petition which I am preparing, asking leave to intervene, that we have special interests involved in this proceeding which we should be permitted to set forth to the Court, and for that reason we think it the best procedure for us to take at this time. On Thursday an attack will be made on the entire proceedings on the ground that the District Court is without jurisdiction and have not proceeded in the proper way. Assuming that is not granted, it is my judgment the City should ask leave to intervene and be made a party defendant in this suit, and with that

in mind, I have prepared a resolution which I would like to have read in order that you may vote upon it intelligently. It also contains a provision that I be authorized to retain special counsel if deemed necessary. Under a ruling of the Court only two counsels can be heard in a matter where the interests are the same, so that we would be limited to two counsel. Mr. Herrmann stated very frankly that he needed assistance in getting ready.

Mayor Archibald offered the resolution:

Whereas, The City of Newark was a party to the proceeding before the Board of Public Utility Commissioners of the State of New Jersey, entitled "In the matter of the investigation of the reasonableness of the rates of the Public Service Railway Company," which proceeding terminated in an order made by the said Board under the date of July 14, 1921, the constitutionality of which order and the statute under which the same was made is subjected to attack in proceeding now pending in the District Court of the United States, in and for the District of New Jersey, In Equity, entitled "Public Service Railway Company, Plaintiff, vs. Board of Public Utility Commissioners, Defendant, on Bill for injunction," and

Whereas, The City of Newark is not a party defendant in said last mentioned action and has interests involved therein not represented by the Board of Public Utility Commissioners of the State of New Jersey, and

Whereas, In particular there are in existence certain ordinances of the City of Newark granting the consent

of said City to the operation of street railways upon its streets, highways and public places by the Public Service Railway Company, and its predecessors in title, which ordinances limit the rates of fare for transportation that may be exacted, and which ordinances were specifically and formally accepted by the grantee thereof, and

Whereas, The Bill of Complaint in said cause contains a prayer to the following effect:

"Plaintiff further prays that if at any time hereafter and prior to the final hearing hereof any person, association or corporation shall attempt to interfere with the put-in into effect and collection of said rates of fare filed by plaintiff on the 7th day of December last, such person, association or corporation, or some of them on behalf of all, may be made parties defendant hereto, and each of them enjoined as heretofore prayed."

and

Whereas, The said rates of fare so mentioned in said prayer is ten cents for each adult passenger, without charge for transfer, and

Whereas, In the purpose of the City of Newark to attempt to prevent the putting into effect of any such rate of fare within the corporate limits of the City of Newark, Therefore Be It

Resolved, By the Board of Commissioners of the City of Newark, That the Corporation Counsel be and he is hereby directed to take whatever steps in his judgment may be necessary to intervene in the said action, or to

cause the City of Newark to be made a party defendant thereto; and Be It Further

Resolved, That the Corporation Counsel, in conjunction with the representatives of other municipalities that may choose to join, be and he is hereby authorized to retain special counsel to carry out the purpose of this resolution.

A. Archibald,
W. J. Brennan,
Charles P. Gillen,
F. C. Breidenbach.

Commissioner Gillen:—It is the idea to engage more than one lawyer? Would it be necessary to engage more than one?

Corporation Counsel:—The idea was for the various municipalities, Jersey City, Newark, Passaic and Paterson, to agree upon one lawyer, who would be assisting Mr. Herrmann in this matter.

Commissioner Gillen moved the adoption of the resolution.

The roll being called, the resolution was declared adopted by the following votes:

Yeas:—Commissioners Breidenbach, Brennan, Gillen, Mayor Archibald.

Commissioner Brennan offered the following ordinance which was read by the clerk:

This is written to extend to you a cordial invitation to attend the Atlantic City Pageant, to be held Sep-

tember 7 and 8. As you have probably noticed much attention to this event is being given by the newspapers and from present indications it will be one of the biggest fall pageants ever presented. Newark will be represented by a "beauty contest winner" selected from the entries in your city, and she will be accorded every honor while here.

Believing that you, together with other city officials, will find much to interest you and will enjoy an opportunity of seeing the many events on the Pageant program, the committee in charge hopes to have the pleasure of a reply stating that you will accept the invitation and will attend.

Our Mayor joins me in extending this invitation.

Very truly yours,

THOMAS P. ENDICOTT,

Director-General.

Mr. Henry Hahn, 9 Clinton Street, Newark, appeared before the Board and presented the Board with the following communication:

Service Club, Inc.,

119 Barclay Street

August 30, 1921.

Board of Commissioners, of the
City of Newark.

Gentlemen:—

At a regular meeting of the Service Club, Inc., former Alderman Henry Hahn, and Samuel Mayerson, were appointed as a Committee to appear before your Honorable Body and advocate the erection and maintenance of a public bathing pool in the congested Hill Section of our City.

We have a bath house providing shower baths at Montgomery and Charlton Street, but this is inadequate for the needs of the residents of that section of our City. Some days as many as seven thousand people patronize the place, and many are turned away.

There is absolutely no provision for the "little fellow," the boy who would like to take a swim to cool off during the hot summer days and for recreation in the winter. Most of the young fellows of our section are obliged to

use the Morris Canal or distant swimming holes scattered through Essex County. Some of the boys patronize the East Side Bath House, but this entails expense which they cannot afford and compels them to go to the strange section of the City.

We know that you will help us to strive for a better and greater Newark, and there is no more efficient means of doing it, than by providing public municipal bathing facilities for the young generation, which will repay all efforts made for them in the years to come by the superior class of citizenship created.

Respectfully,

THE SERVICE CLUB,

Louis Sklary, president.

Charles S. Goldner, Rec. Sec.
